## FLEXINITE GRIP

Black nitrile coating on seamless polyamide liner. Ideal in dry and light oil environments. Excellent abrasion and dexterity. Breathable and launderable.

Art No. GLO300

EN388

4121

## ULTIFLEX FULL DIP

Good abrasion resistance in greasy and abrasive environments. Better dexterity offers optimum handling. Ergonomic design and comfort.

Art No. GLO101

EN388

4121

## ULTIFLEX ¾ DIP

Good abrasion resistance in greasy and abrasive environments. Better dexterity offers optimum handling. Ergonomic design and comfort.

Art No. GLO100

EN388

4121

## FLEXINITE CUT D

Cut resistant level D glove, palm coated with sandy nitrile. Alkimos® yarn technology. High degree of flexibility and durability as well as dexterity.

Art No. GLO305

EN388

4X43D

## FLEXINITE CUT D

Cut level D glove with TAP (thumb arch protection), palm coated with sandy nitrile. Alkimos® yarn technology. TAP (thumb arch protection) increases durability

Art No. GLO305P

EN388

4X43D

## 40 CM LONG SLEEVE CUT D

40cm extra-long sleeve cut level D glove, palm coated with PU. Alkimos® yarn technology. PU coating offers added flexibility, comfort and softness.

Art No. DPU405

EN388

4X43D

## FLASH & GRIP

Insulating composite gloves with Arc Flash protection. Three-in-one gloves combining dielectric, mechanical and thermal (arc flash) resistance. Specially formulated outer coating that provides exceptional grip, even in humid or greasy conditions.

- Art No. AFG36-00/\***  
Arc Flash Class 00 - 36cm - size 6-12
- Art No. AFG36-0/\***  
Arc Flash Class 0 - 36cm - size 6-12
- Art No. AFG36-1/\***  
Arc Flash Class 1 - 36cm - size 7-12
- Art No. AFG36-2/\***  
Arc Flash Class 2 - 36cm - size 7-12
- Art No. AFG36-3/\***  
Arc Flash Class 3 - 36cm - size 8-12
- Art No. AFG41-4/\***  
Arc Flash Class 4 - 41cm - size 8-12

## ELECTROVOLT

Insulating natural rubber gloves, cut edges. The ergonomic shape of the glove and its slightly powdered interior makes donning and doffing easy. The natural rubber provides dielectric properties, while our expertise allows us to make the gloves as thin as possible to maximise dexterity.

- Art No. GLE00-36/\***  
Class 00 - 36cm - size 6-12
- Art No. GLE0-36/\***  
Class 0 - 36cm - size 6-12
- Art No. GLE1-36/\***  
Class 1 - 36cm - size 7-12
- Art No. GLE2-36/\***  
Class 2 - 36cm - size 7-12
- Art No. GLE3-36/\***  
Class 3 - 36cm - size 8-12
- Art No. GLE4-41/\***  
Class 4 - 41cm - size 8-12

## 516

Lightweight and comfortable, 516 eyewear is part of the Back to Basic line and it represents the essence of protection. The vibrant colors and the excellent fit are matched with a neat style, distinctly Univet. Also provided with a clear mirrored lens necessary to work avoiding the risk of glare.

**Art No. 516.02.00.00**

516 Clear

**Art No. 516.01.20.03**

516 Yellow

**Art No. 516.51.10.02**

516 Blue Mirror

**Art No. 516.02.10.02**

516 Smoke

## 513

Eyewear of the Back to Basic line, handy and versatile, it is characterized by lightness and a sporty and enveloping design. The rubber insert in the temples and the non-slip rubber nose pad make it very comfortable to use.

**Art No. 513.03.10.02**

Smoke/orange Frame PC Smoke AS/AF UV400 lens

**Art No. 513.02.00.00**

Smoke/green temple PC Smoke AS/AF lens

**Art No. 513.51.00.00**

Clear/orange frame = PC Clear AS I/O lens

## 6X3

Equipped with a panoramic lens, it offers excellent peripheral vision and it can be used comfortably with any corrective eyewear. The originality of 6X3 takes form in the design of the face support that ensures a proper seating for respiratory masks and half masks and in the use of the facial protection, that provides additional defense to the operator's face.

**Art No. 6X3.00.00.00**

6X3 Goggle with Clear polycarbonate Lens

**Art No. 6X3.00.00.05**

6X3 Goggle with G15 Lens

**Art No. 6X3F.01.00**

6X3 Facial Protection Support

## 506UP

The panoramic wrapping lens is available with AF+ and AS+ coatings for superior performance in all conditions. The temples with rubber tips and adjustable in length and inclination, the total adaptability of the nose pad and the new range of vibrant colours allow a high degree of customisation.

**Art No. 506U.06.01.00**

Black Green Frame – PC Clear AS/AF lens

Black Green Frame – PC Clear AS I/O lens

## 5X9

Safety glasses enter a new dimension, designed to have the maximum impact protection and guarantee comfort and lightness as sport glasses. Polar -X – Smoke Polarised lens drastically reduces glare from glossy surfaces. Vanguard PLUS anti-scratch and anti-fog coating protects and enhances lenses.

**Art No. 5X9.04.02.09**

Green Mirrored Lens

**Art No. 5X9.03.02.P2**

Polar-X Smoke Polarized Lens

**Art No. 5X9.03.02.05**

G15 Solar Lens

**Art No. 5X9.01.02.F0**

Dynami-X Light-sensitive Lens

## 625

Extremely light and fitting, the 625 goggle is equipped with a wide panoramic lens for a better side protection, treated with Vanguard PLUS the ultra performing anti-fog and anti-scratch treatment. The adjustable elastic band and soft frame reduce pressure to the minimum granting protection against drops, splashes and big size dust particles.

**Art No. 625.03.30.00**

625 Goggle Clear

**Art No. 625.03.31.05**

625 Goggle G15

### 5208/5209

5208 - FFP2 Non-reusable moulded EN particulate respirator mask with a nose seal and twin-stapled elastics.

Art No. 1007223

5209 - FFP2 Non-reusable moulded EN particulate respirator mask with a valve, a nose seal and twin-stapled elastics.

Art No. 1007224

### 5251

FFP2 NR D Non-reusable moulded EN particulate respirator against nuisance level organic vapours, with a valve, a Willtech™ full-face seal and adjustable braids. Dolomite tested. Ideal for welding.

Art No. 1005595

### VALUAIR/ PREMIER

Valuair - Economical thermoplastic elastomer half mask compatible with Honeywell Twin filter cartridges. Silicone free. Ideal for spray painting.

Art No. 1001573 Size M  
Art No. 1001574 Size L

Premier - High-grade silicone half mask compatible with Honeywell Twin filter cartridges. Superior comfort and durability.

Art No. 1001575 Size M  
Art No. 1001576 Size L

### 5321

Ultra-soft hypoallergenic Willtech™ flange seal with absorption properties and a tight sealing film for an exceptional comfort and a perfect fit.

FFP3  
Art No. 1005602

### 5261

Designed to deal with nuisance level of acid vapours with superior odour removal capabilities. Ultra-soft hypoallergenic Willtech™ flange seal with absorption properties and a tight sealing film for exceptional comfort and a perfect fit.

FFP2  
Art No. 1005600

### TWIN PLASTIC FILTER CARTRIDGES

Conform to EN 141 and EN 143. Designed to reach new levels of filtration and breathing resistance performance. "Click-fit" system for safe and secure firmant. Coconut-based carbon with large exchange area for optimal lifespan.

Art No. 1001577 A2  
Art No. 1001581 ABEK1  
Art No. 1001582 P3  
Art No. 1001587 ABEK1P3  
Art No. 1002801 P2 Pre-filter  
Art No. 1001590 Pre-filter Retainer

### IMPACT SPORT (SNR25)

Impact earmuffs enhance the perception of certain sounds through advanced sound amplification technology. Wearers hear important sounds in their environment at a safely amplified level.

- Art No. 1034490 Black
- Art No. 1034400 Camo
- Art No. 1013530 Green
- Art No. R-02522 Purple
- Art No. R-02521 Teal
- Art No. R-02523 Pink
- Art No. R-02601 Tactical Case

### LASERLITE (SNR 35)

Bright colors make the Laser Lite visible and appealing. The foam expands to mould to the shape of virtually every ear. Contoured T-shape for easy insertion and removal.

- Art No. 3301106 Corded
- Art No. 3301105 Un-corded
- Art No. 1013047 LS-400 Refill
- Art No. 3301271 LS-500 Refill

### AIRSOFT (RED VINYL CORD) (SNR 30)

Patented air pocket delivers superior long-term comfort. Four-flange design offers better fit in the ear canal for a tighter seal and better attenuation.

Art No. 1030612

### LEIGHTNING EARMUFFS

With its steel construction, the Leightning series delivers high performance and durability that withstands daily wear and tear without compromising comfort.

- Art No. 1011994 Neck Band (SNR 29)
- Art No. 1010922 Head Band (SNR 30)
- Art No. 1012539 Helmet Earmuff (SNR 28)
- Art No. 1015021 HiVis Helmet Earmuff (SNR 28)

### QUIET® (SNR 28)

For great protection and comfort from a reusable earplug, Quiet provides consistent attenuation for all-day wear. The built-in flexible stem offers ease of insertion and all-day comfort. Box of 100.

Art No. 3301172

### BILSOM 303L 304L CORDED (SNR 33)

303L Earplug - Individually packed pairs supplied in a dispenser box. EN352-2, Box of 200.

Art No. 1005073 Size L

304L Corded - Foam earplug, individually packed pairs supplied in a dispenser box. EN352-2, Box of 200.

Art No. 1005073 Size L
